Define Problem Statements (Customer Problem Statement Template):

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A loan applicant	Get my loan approved quickly	I am unsure whether I meet the eligibility criteria	The approval process depends on many factors like income, credit history, and loan amount	Confused and anxious
PS-2	A bank loan officer	Process loan applications efficiently	I have to verify many applications manually	Manual verification takes a lot of time and increases the chance of human error	Overloaded and stressed
PS-3	A bank manager	Reduce the risk of loan defaults	It is difficult to identify high-risk applicants accurately	Manual assessment alone is not always reliable for making lending decisions	Concerned about financial losses
